Azalea Charities
P.O. Box 579
Dumfries, VA 22026

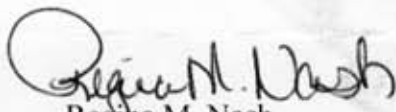

Mr. Lasch,

On behalf of the Gar-Field High School Community, I would like to thank you and Azalea Charities for funding the outstanding presentation from Motivational Media on Monday, September 15, 2008. The program was extremely well received by the students and staff and very powerful feedback was given to the Motivational Media staff.

The topic presented, Making the Right Decisions, was a great lead into a brand new school year. All of our students are faced with many challenges each day that require them to think and "do the right thing". To illustrate that society knows and understands this concept using media that attracts our young people today, helped to sell a very important message to a very important generation. It is my sincere hope that we, along with all other county high schools, are able to call upon Motivational Media for future presentations.

Again, thank you for your generosity and concern for the School of Champions! We greatly appreciate this gesture.

Sincerely,

Regina M. Nash
Assistant Principal
